15TH ANNUAL SCIENTIFIC VIRTUAL MEETING

Bobby Brown, Jr.

RADARS® System 15th Annual Scientific Meeting

Registrants n=131

Government	35
Academic	19
Industry/Pharma	27
Other	50

RADARS® System - Scientific Advisory Board

Principal Investigators

Theodore J. Cicero, PhD

Washington University in St Louis

Steven P. Kurtz, PhD

Nova Southeastern University

Mark W. Parrino, MPA

*American Association for the Treatment of
Drug Dependence*

Richard C. Dart, MD, PhD

*Rocky Mountain Poison
& Drug Safety, Denver Health*

Substance Abuse Experts

Sidney H. Schnoll, MD, PhD

PinneyAssociates

George E. Woody, MD

University of Pennsylvania

Epidemiology/Biostatistics

Nabarun Dasgupta, MPH, PhD

University of North Carolina in Chapel Hill

Law Enforcement

John J. Burke

*Pharmaceutical Diversion Education, Inc.;
International Health Facility Diversion
Association*

Real World Evidence and Triangulation

Triangulation

More reliable answers by integrating results from several different approaches, each with different and unrelated key sources of potential bias

Prescribing of Prescription Stimulants

Number of Stimulant Prescriptions
Combined, 2020

The stimulants - amphetamine and related, methylphenidate, and modafinil

Source: IQVIA™ US-Based Longitudinal Prescription Data

Prescribing of Amphetamine, Methylphenidate

Number of Amphetamine Prescriptions,
2020

Number of Methylphenidate Prescriptions,
2020

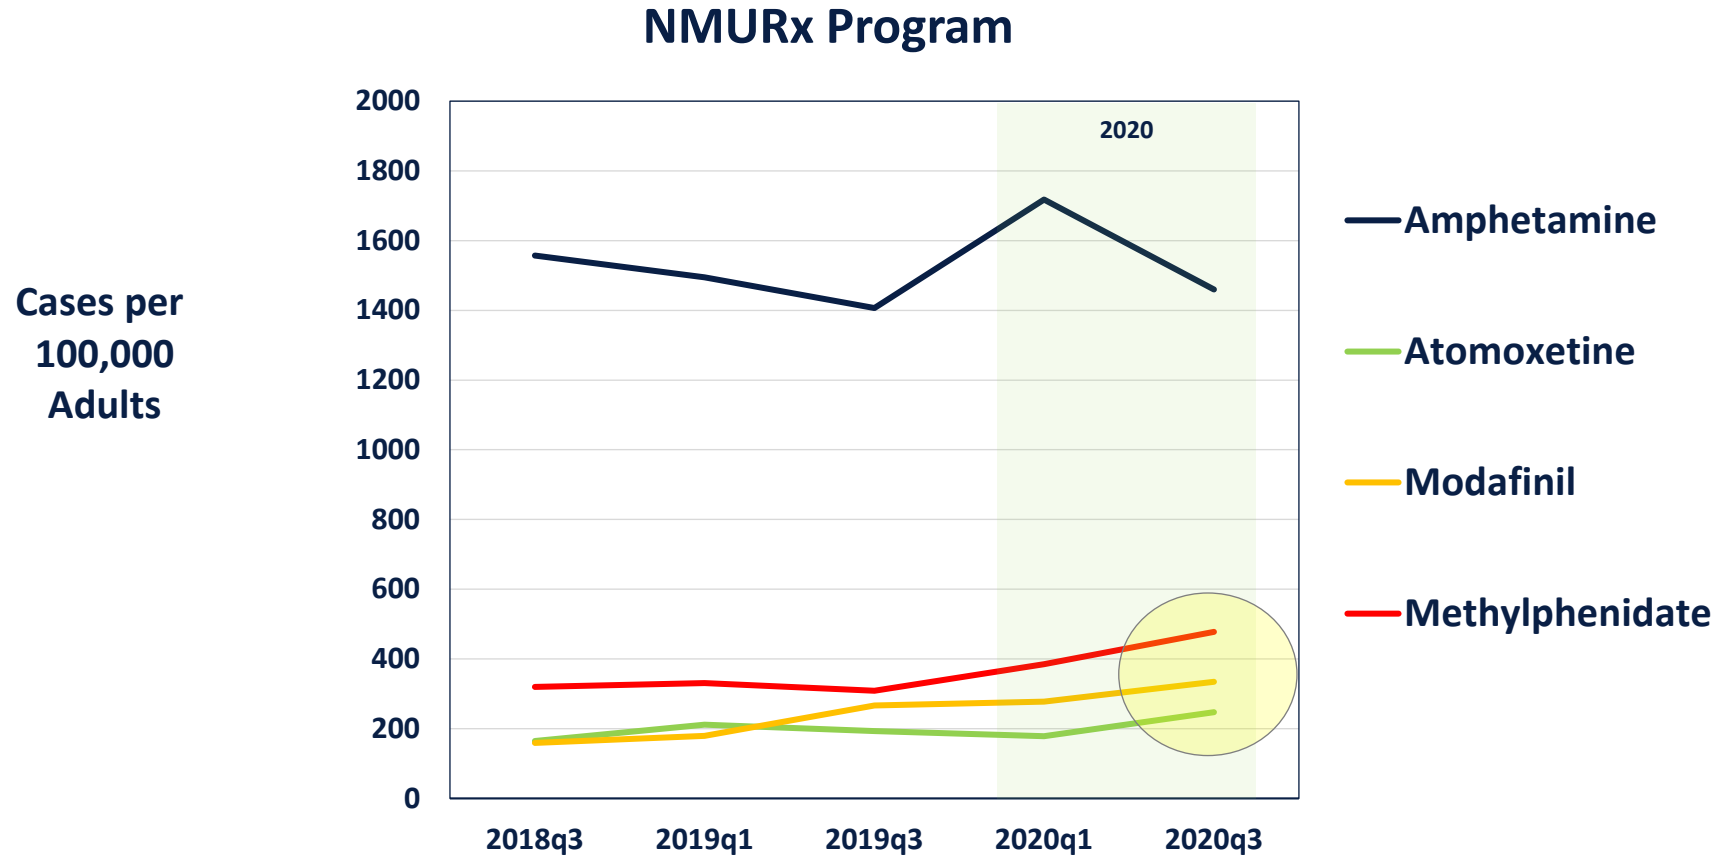

Source: IQVIA™ US-Based Longitudinal Prescription Data

What is an “Endorsement”?

- Person endorses use of the drug
 - Not necessarily that they thought the drug was good

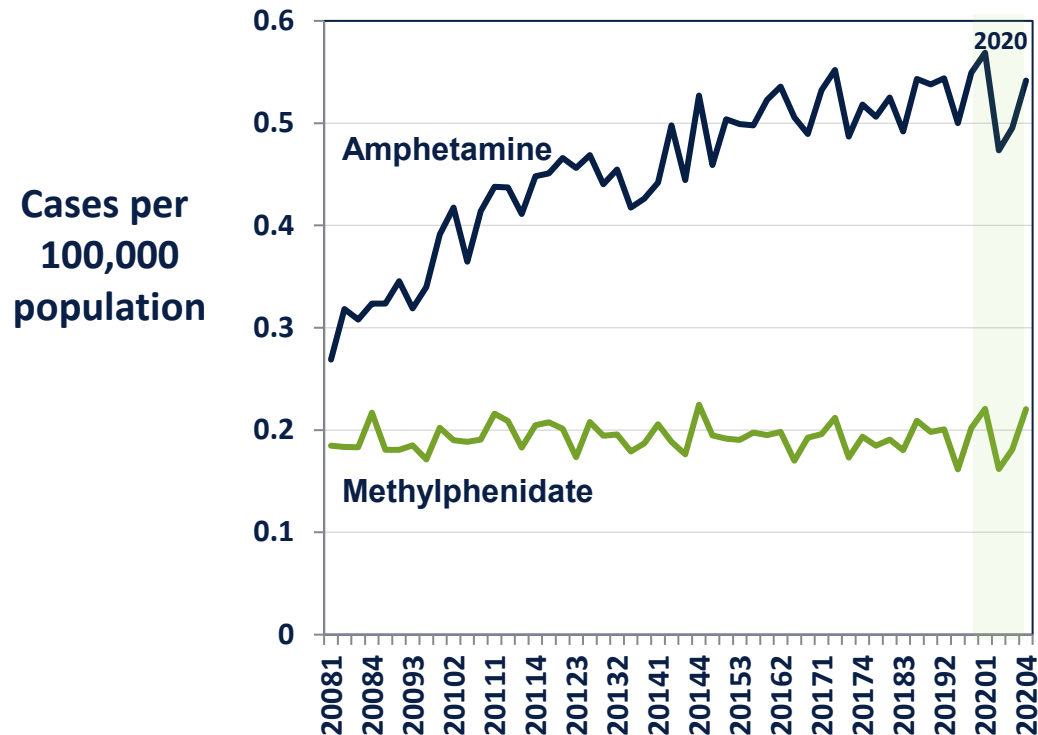

Non-Medical Use of Rx Stimulants, NMURx Program, 2018 - 2020

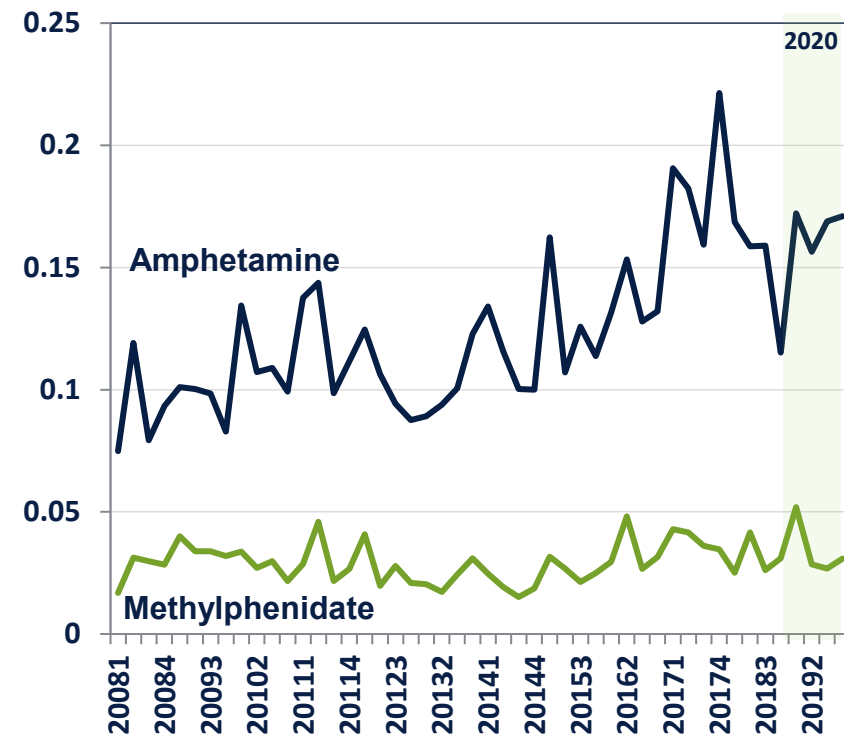

RADARS System, Rx Stimulant Rates, 2008 - 2020

Poison Center Program

Drug Diversion Program

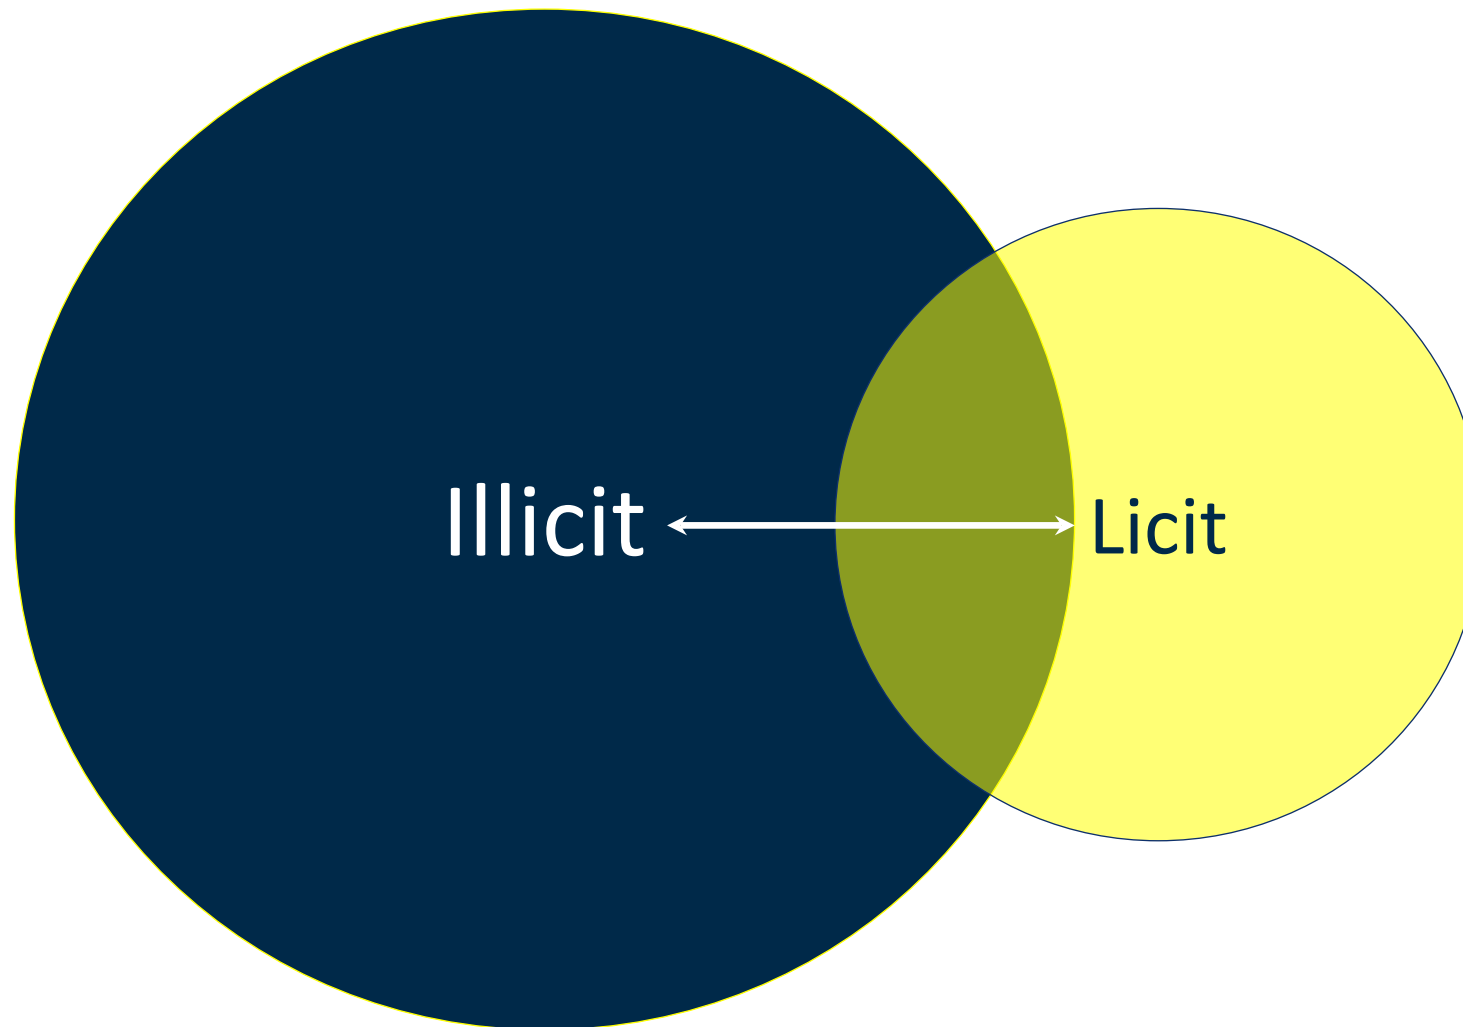

Increasing Mortality over Time

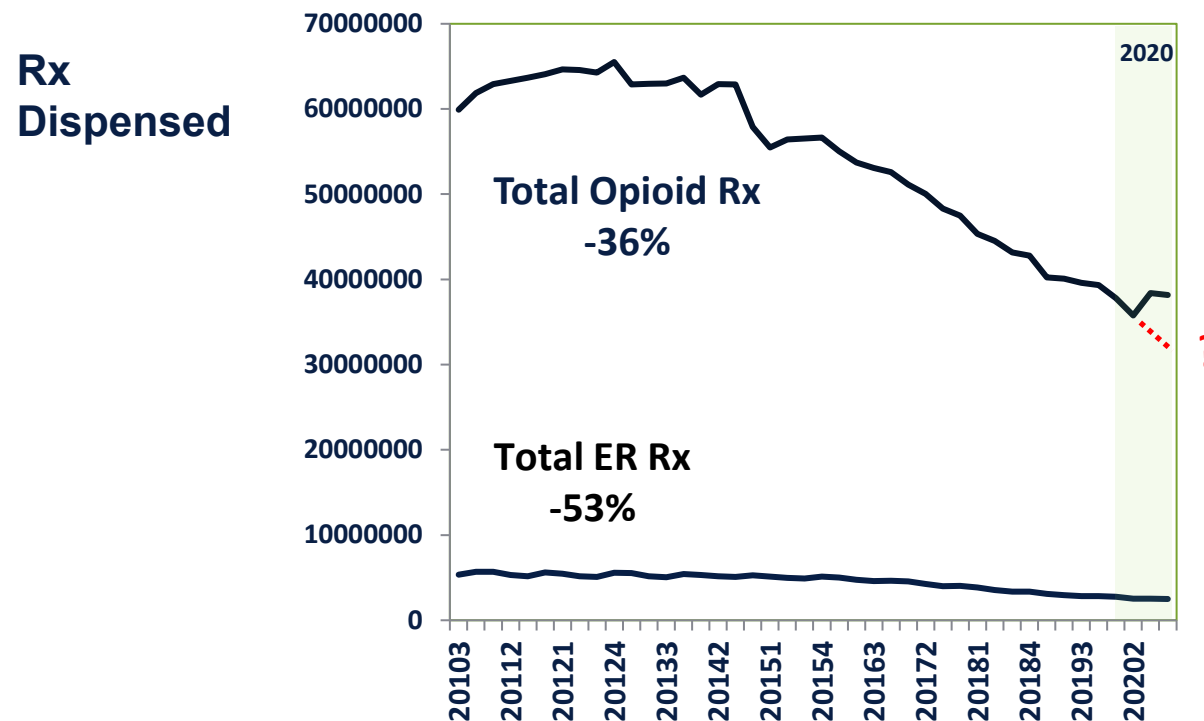

Mortality related to medical stimulants is rising rapidly alongside illicit substances like cocaine and methamphetamine.

Interaction of Licit and Illicit Pharmaceuticals

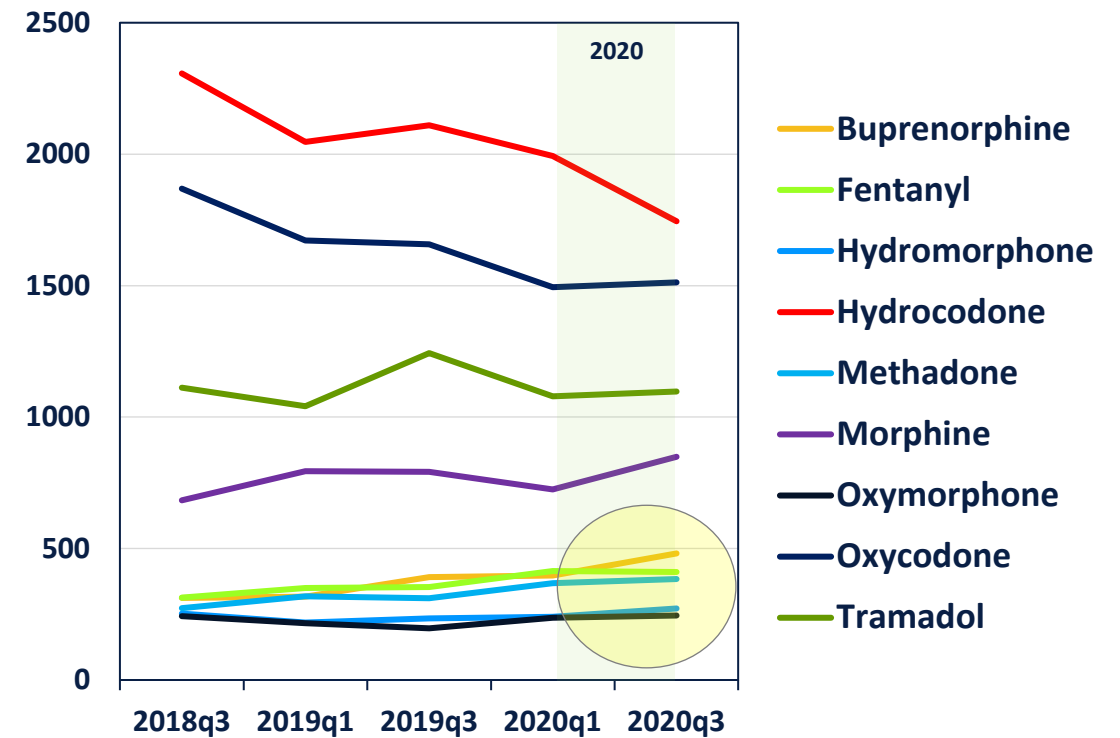

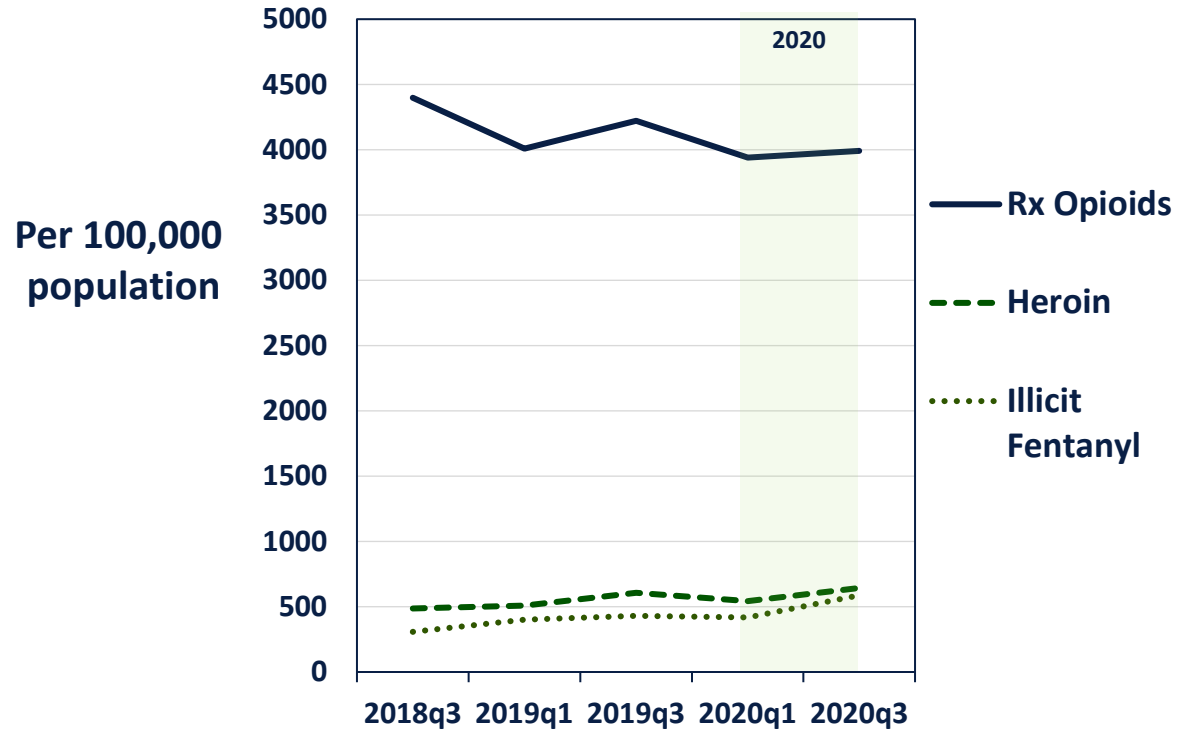

Trends in Annual Opioid Prescribing Rates

Source: IQVIA™ US-Based Longitudinal Prescription Data

Non-Medical Use of Opioids, NMURx Program, 2018 - 2020

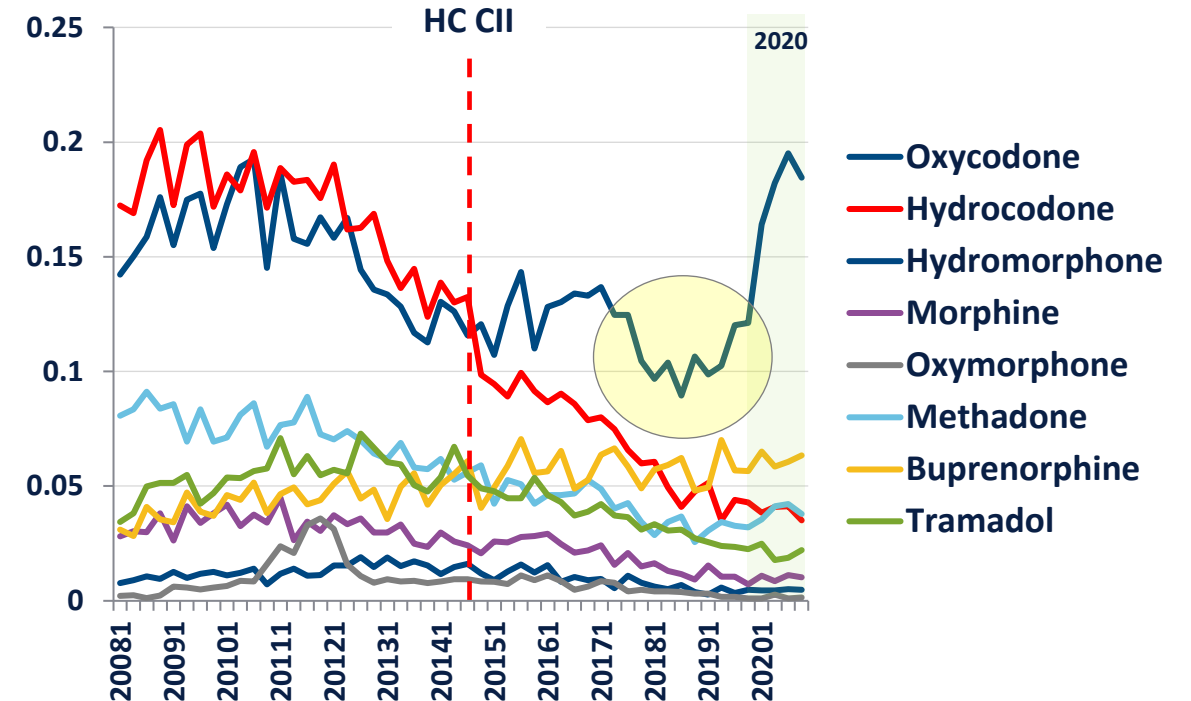

Poison Center Program, Intentional Abuse, 2006 - 2020

Includes:

- Buprenorphine
- Hydrocodone
- Hydromorphone
- Methadone
- Morphine
- Oxycodone
- Oxymorphone
- Tapentadol
- Tramadol

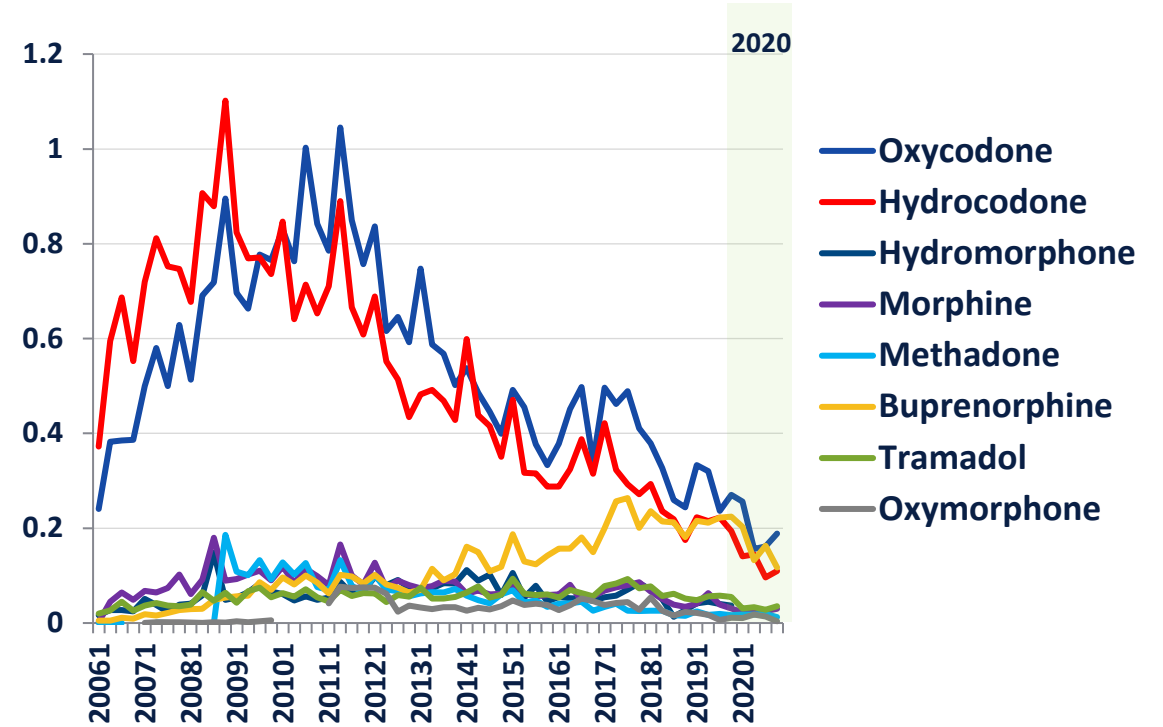

Drug Diversion Program, 2006 - 2020

Invest.
Opened
Per
100,000
population

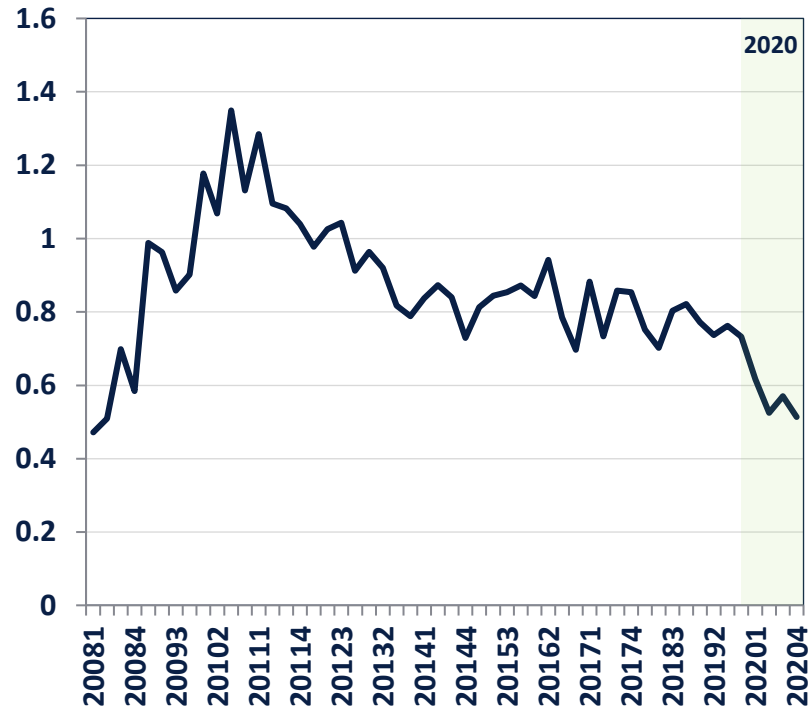

Includes:

- Buprenorphine
- Hydrocodone
- Hydromorphone
- Methadone
- Morphine
- Oxycodone
- Oxymorphone
- Tapentadol
- Tramadol

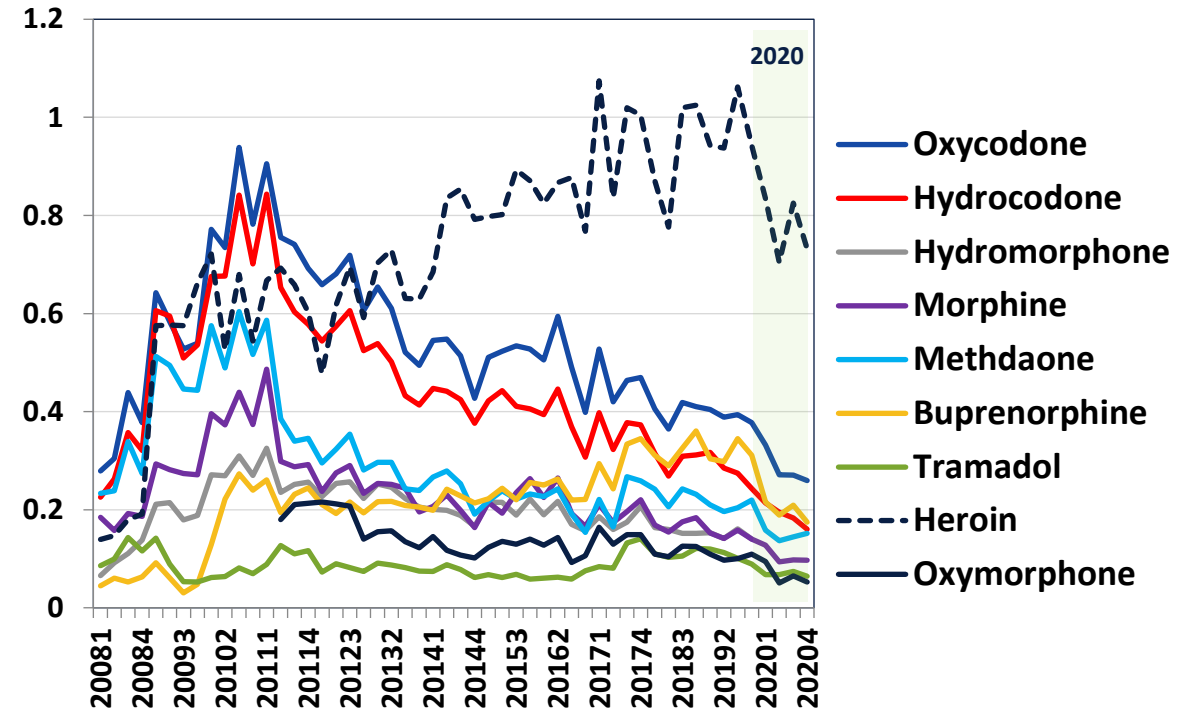

Treatment Center Programs Combined, 2008 - 2020

Endorse.
Per 100,000
population

Includes:

- Buprenorphine
- Hydrocodone
- Hydromorphone
- Methadone
- Morphine
- Oxycodone
- Oxymorphone
- Tapentadol
- Tramadol

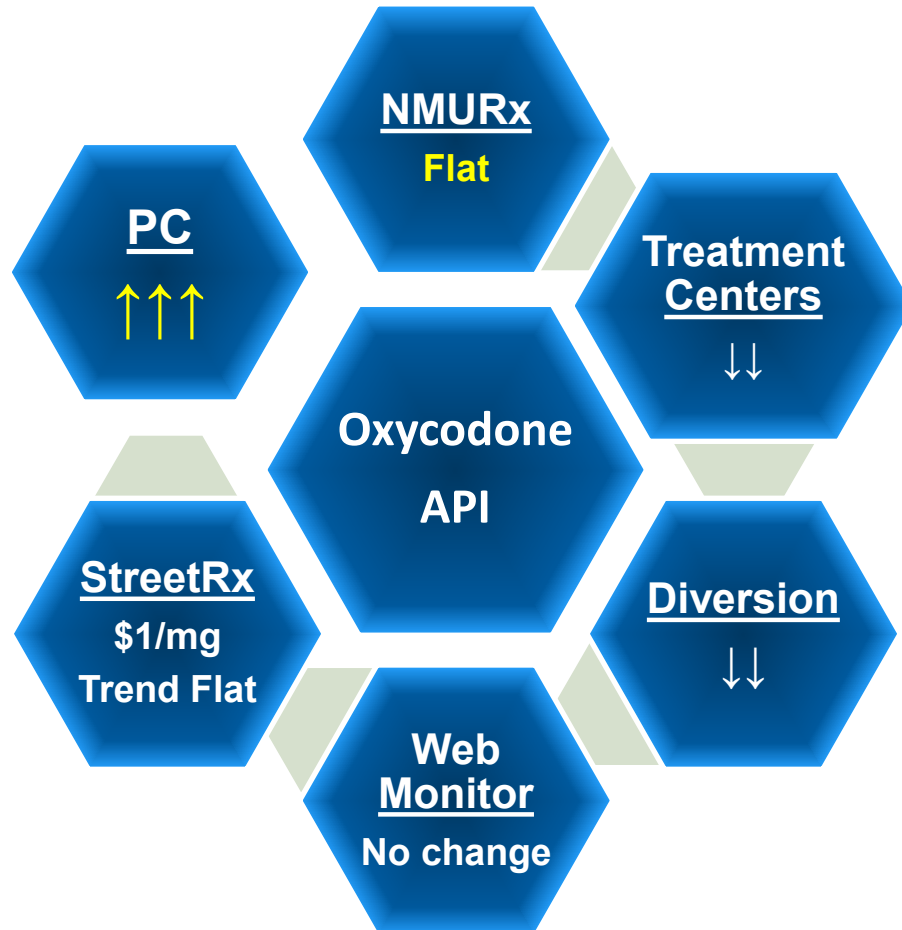

A full-page photograph of a massive, curling blue wave. A small surfer is visible at the base of the wave's face. The sky is blue with white clouds. The text "Is Oxycodone Surging?" is overlaid on the right side of the image.

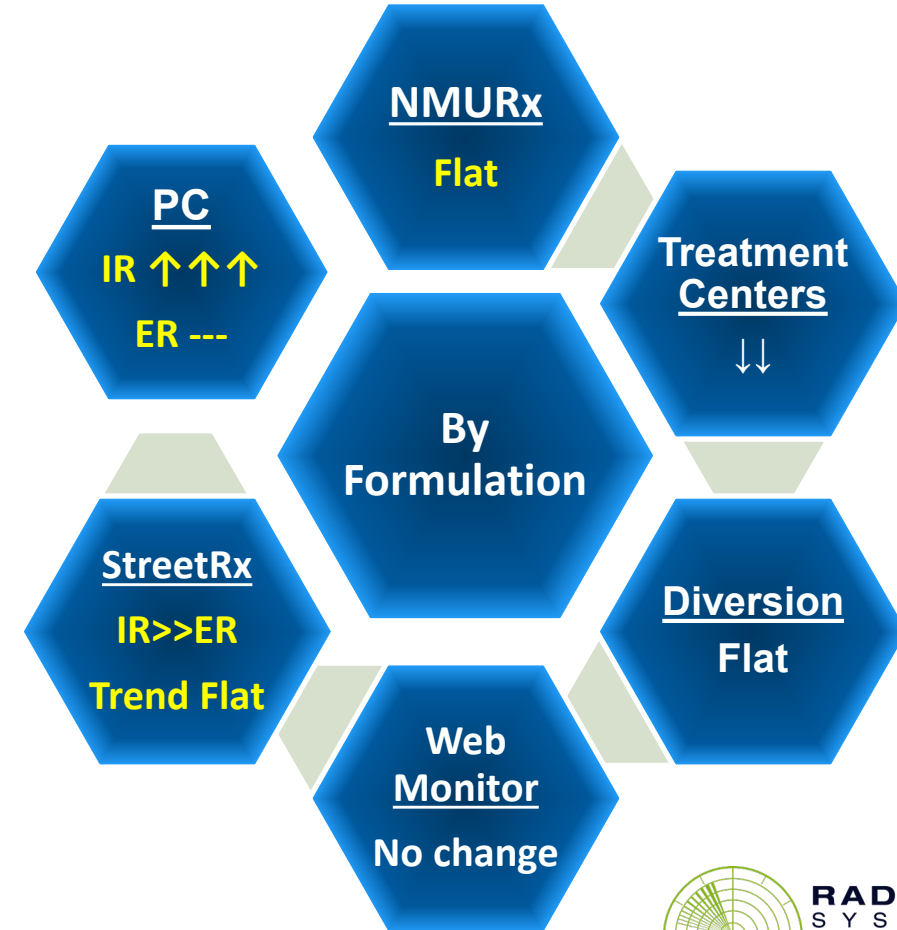

Is
Oxycodone
Surging?

Oxycodone – Summary of Mosaic Evaluation

API-level Analysis of Oxycodone

Formulation-level Analysis of Oxycodone

Postmarketing Surveillance of “Small” Drugs

- How do we interpret drugs with low exposure (low prescription volume)
 - Sufentanil
 - Esketamine
 - MDMA (Ecstasy)
 - Oxymorphone
- Any drug will garner a small number of endorsements
 - Careless endorsements
 - Innate variability
- What is the relation between drugs with low prescription volumes and use?

Quantifying the Relation: Rx Dispensing and Estimates of NMU

• Methods

- Data source – NMURx Program
- 37 API
- Joinpoint regression
- Test – Retest to estimate reliability

• Results

- 4 waves: 106,404 respondents
- Demographics stable

Pain Relievers

Buprenorphine
Codeine
Dihydrocodeine
Eluxadoline
Fentanyl
Gabapentin
Hydrocodone
Hydromorphone
Morphine
Oxycodone
Oxymorphone
Pregabalin
Tapentadol
Tramadol

Sedatives

Alprazolam
Baclofen
Chlordiazepoxide
Clobazam
Clonazepam
Clorazepate
Diazepam
Estazolam
Eszopiclone
Flurazepam
Lorazepam
Midazolam
Oxazepam
Quazepam
Temazepam
Triazolam
Zaleplon
Zolpidem

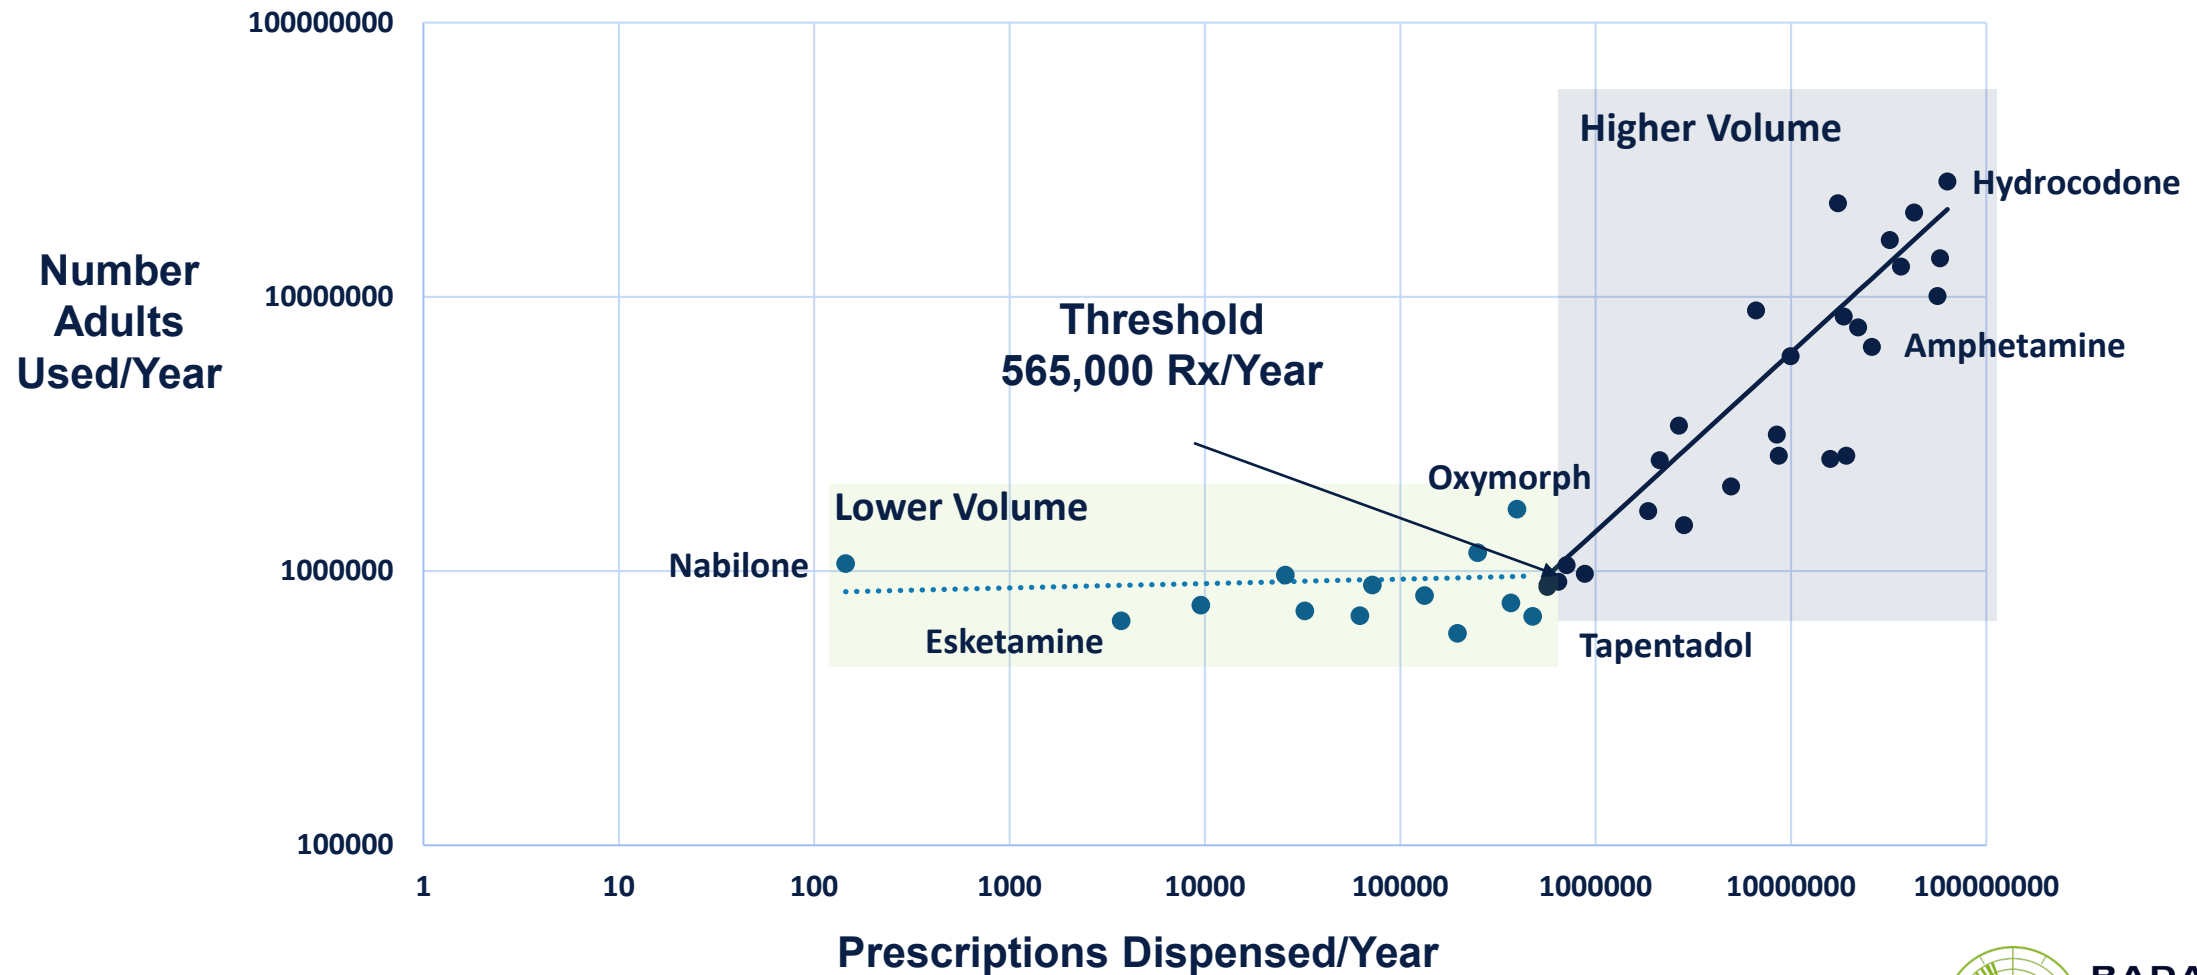

Stimulants

Amphetamine
Methylphenidate
Modafinil

Cannabinoids

Dronabinol
Nabilone

Black, et al. Results

Validity of Model

High Volume vs. Low Volume Pharmaceuticals

- Higher Volume Pharmaceuticals (above threshold)
 - Quantitative prevalence and trend analysis
- Lower Volume Pharmaceuticals (below threshold)
 - Non-representative national sample
 - Analyze individual cases
 - Qualitative methods
 - Example oxymorphone
 - Contact individuals in f/u to Poison Center, NMURx, and Survey of Key Informants' Patients Programs

2021 Program

Postmarketing Surveillance: What's the Next Move?

Richard C. Dart, MD, PhD

*Executive Director, RADARS® System, Denver Health and Hospital Authority
President, Canadian Consumer Product and Pharmaceutical Safety Inc.*

Meeting the Challenges of COVID-19 in Postmarketing Surveillance

Janetta L. Iwanicki, MD

Chief Scientific Officer, Research and Consulting, Rocky Mountain Poison & Drug Safety, Denver Health and Hospital Authority

2021 Program

Defining Populations of Interest for Postmarketing Studies

Nabarun Dasgupta, PhD

*Senior Scientist and Innovation Fellow, Gillings School of Global Public Health,
University of North Carolina in Chapel Hill
Consultant – RADARS® System*

The Rest of the Story: Other Drugs Misused in the United States

Janetta Iwanicki, MD

*Chief Scientific Officer, Research and Consulting, Rocky Mountain Poison &
Drug Safety, Denver Health and Hospital Authority*

2021 Program

Prescribing and Over-The-Counter Drugs; A Vast Range of Misusing Opportunities

Professor Fabrizio Schifano

Chair in Clinical Pharmacology and Therapeutics

Consultant Psychiatrist (Addictions); Psychopharmacology, Drug Misuse and Novel Psychoactive Substances Research Unit, School of Life and Medical Sciences, University of Hertfordshire, UK

Understanding Stimulant Use in the General Population: Prevalence and Patterns of Non-Medical Use

Joshua C. Black, PhD

Senior Research Scientist, Rocky Mountain Poison & Drug Safety, Denver Health and Hospital Authority

2021 Program

It's Not Easy Being Buprenorphine: Identifying Unique Substance Use Patterns Associated with Buprenorphine

Matthew Ellis, PhD(c)

*Principal Investigator, RADARS® System Survey of Key Informants' Patients
Research Faculty Instructor, Washington University School of Medicine*

Changes in Diversion of Buprenorphine and Gabapentin in the U.S.

Mance E. Buttram, PhD

*Associate Professor, Nova Southeastern University
Associate Director, Center for Applied Research on Substance Use and Health
Disparities*

FDA's Holistic Approach to Addressing Polysubstance Use and the Drug Overdose Crisis

Marta Sokolowska, PhD

*Associate Director for Controlled Substances, Office of the Center Director,
Center for Drug Evaluation & Research, Food & Drug Administration*

Panel Discussion and Summary
